

RODENT PEST TECHNOLOGIES, INC.

1(888)583-9717

Thank you for selecting RODENT PEST TECHNOLOGIES, INC. to perform a structural pest control inspection on your property. Our inspectors have determined that your property will benefit from the safe application of a chemical commonly used for structural pest control. In accordance with the laws and regulations of the State of California, we are required to provide you and your occupants with the following information prior to any application of chemicals to said property. Please take a few moments to read and become familiar with the content. Do not hesitate to contact our office at 1-888-583-9717 with any questions. It is meant to be a comprehensive point of reference should work orders to service pests not included in the contract's scope of work be requested or performed.
